1. Define the following terms:

**Bill:**

**Committee of the Whole:**

**Quorum:**

**Veto:**

**Pocket Veto:**

2. **Complete the following graphic on the right with the letters below (pg. 345):**

A. The bill is referred to the appropriate standing committee in either the House or Senate. Once the committee is finished debating and marking up the bill they vote on the passage to the Floor. At this point, most bills die.

B. The Bill becomes a law with either a presidential signature or inaction for 10 days while Congress is in session.

C. The Bill does not become law either by presidential veto or by inaction for 10 days while Congress is not in session.

D. The bill must go through all previous steps in the opposite house of Congress.

E. The bill is debated on the floor of the house that it was introduced in. There are different rules for debate, but once debate has ended, the bill is voted on a first time. If it passes, it moves on to the next step.

F. Once the bill passes both houses of Congress, it goes to a conference committee.

G. The conference committee’s version of the bill is then voted on by both houses of Congress, and if approved is sent to the president.

H. If the president vetoes the bill it is sent back to Congress and can be overridden with a 2/3 majority vote to become law.
